

NEW VENUE

Restoring Harmony:

Awakening to Peace with Reiki & Sound

Immerse yourself in Reiki and sound healing to let go of what is no longer yours and open to a new level of love, peace and harmony in your life! Humanity and Gaia are in a tremendous time of transformation. It can be challenging to navigate the personal and planetary changes, yet they are ultimately in support of awakening to our fullest potential as the loving, creative souls that we are.

*December 12-21 is a particularly potent energetic gateway this year, allowing each of us to fully open to the expansiveness of more love, joy, empowerment, alignment and peace. **Join Andrea and Melissa to immerse yourself in healing divine frequencies to usher in this gateway and open to your highest potential.** Melissa's hands are channels of healing energy. Andrea's voice is a bridge to other realms. Together, they are a team of loving support in service to an awakened humanity. Let's create the new world of harmony and peace we are all longing for!*
